
SECOND GRADE HOMEWORK SHEET

(Due on the last school day of the week)

Name: _____

Week Number _____

Dear Parents,

Please see that the number of minutes of reading add up to at least one hour each week. Remember to build fluency, the reading must not be too difficult. The time spent on the Bible verse will vary according to each individual's rate of memorization. The Math and Phonics should be done on the first day that they come home, and returned the next day. Both will be follow-ups to what was done that day in class.
