

REACH FOR THE SKY IN THE 4TH GRADE

June 7-11, 2010

- ❖ This week we will not have a spelling packet/test, Bible or memory verse. We're done!! We will have a reading log, however (last one!)
- ❖ Homework will be very minimal this week as we wind down.
- ❖ We will take this week to review some important math concepts instead of moving on to new ones.
- ❖ A summer packet and recommended reading list will go home next week.

We will be doing a last push towards Multiplication by testing everyday. Please study at home each evening.

Due to the busy-ness of the next two weeks, below is a schedule of the events.

- ❖ Mon 6/7 - PTF Meeting
- ❖ Tue 6/8 -Yearbook assembly, 8:45 am, Sanctuary; Teachers dress up in PJ's since we hit the \$10,000 mark for the Jogathon
- ❖ Wed 6/9 – Students work on notebooks in class
- ❖ Fri 6/11 – End of the Year Field Trip to Adventure City (wear royal blue shirts!!)
- ❖ Mon 6/14 – Field Day
- ❖ Wed 6/16 – Last Day of School (1/2 Day) and Report Cards

Notebooks

One picture that you may not have gotten was the picture at WCCS before we left. It was brought to my attention that the photo requirement books were not handed out until we were on the bus, therefore most of you probably did not take that picture. Because I overlooked that, I will not deduct points for that picture. We will also be setting time aside in class on Wednesday and for students to work on their notebooks.

If you signed up for summer tutoring with Miss Hyde and myself, it will begin Monday, 6/21. It is from 12:30-2:30, on Mon and Wed. If you would still like to join let me know! There are a few spots left!
